Successful Parent & Family Engagement Strategies

Attend the third in our running series of PDs presented by The Office of Talent and The Office of Effectiveness at The SDP. Hear from District leaders, Superintendent Dr. Hite and District parent and family members on how teachers can successfully empower families to be involved in the classroom.

Meet District Families in Our Parent and Family Panel!

**Keynote Address
by Superintendent
Dr. William Hite!**

Breakout Session

Presented By Meredith Mehra and Paul Trommelen

Leveraging the families of our students is a necessary step in building relationships that lead to high levels of growth and achievement. In this session, teachers will receive ready-made resources for collecting and recording information from families that can inform interactions with students. We will explore frameworks to guide four types of conversations with families and creative solutions when phone calls aren't an option.
