

Office of Talent

Job Postings for Schools for part-time or EC

Employment Information								
Job Title: App Review Team Member						Date Requested: 10/1/2019		
Job Summary								
<p>The Office of Educational Technology is expanding a team of educators to meet in-person (two Wednesdays a month) and remotely from October to May to identify high quality free free online apps that can support and enrich student learning and meet student data privacy and safety guidelines. This project includes a total of 66 hours of work, including in-person meetings and time working remotely. Interested educators will be paid at the District's extracurricular rate. Send resume and cover letter indicating interest to Luke Bilger, Director in Educational technology, at lbilger@philasd.org with the subject "SDP App Review Team Application."</p>								
Essential Functions								
<p>As a member of this team, you will learn how to evaluate the terms of service and privacy policies of apps for adherence to data privacy laws in order to determine if they are secure, private, and safe for use by students in our District. You will also use your professional knowledge to evaluate the educational efficacy of the app. This work directly supports your colleagues and students in the district by helping to provide a list of quality, safe, and secure digital educational tools. You will also support the development of a website that serves as a guide for educators when using any digital tools. The in-person meetings will take place at 440 N. Broad Street, Philadelphia, PA 19130.</p>								
Minimum Requirements								
Candidates must be current teachers in the School District.								
Specific Criteria								
The ideal candidate is detail-oriented, committed to the integration of technology in education, has an interest in learning about data privacy law, is available between 4:00pm and 6:00pm Thursday evenings and is familiar with G Suite for Education, the Apple App Store, and various web apps that engage learners.
