- Full-time teaching experience as a lead teacher will be accepted for counselors.
- Full-time psychology experience will be accepted for school psychologists.
- Full-time occupational therapy experience will be accepted for occupational therapists.
- Full-time speech language pathology experience will be accepted for speech language pathologists.
- Experience as a full-time counselor in a school or as a counselor in a public or private youth agency is acceptable for prior experience credit.
- Experience will only be counted if it is after the awarding of a bachelor's degree. Experience prior to a bachelor's degree will not be credited.
- Satisfactory Work Experience will be counted.
- Experience will be accepted at any education level including pre-school, elementary, secondary, community college, or college/university level; and through any accredited or licensed educational entity, including public school, private school, parochial school, day care center or program, charter school, or college/university.
- Adjunct Professors will receive half credit.
- Positions out of the country are accepted in alignment with the prior experience policy.
- Part-time and shared time teaching, student teaching, Resident, Internships, fellowships, or serving as a teacher's assistant, teacher's aide, co-teacher, per diem substitute, or other similar positions will not be accepted for prior experience credit.
- A full-year of prior experience credit will be given if an individual worked for 75% of the school year in the same school district. The year can either be a 10-month or 12-month position. 75% of a 10-month position is equivalent to at least 135 days or 7.5 months. For example, if a school year is from September 1 to June 15 and an individual held a position from October 15 until the end of the school year, the individual would receive prior experience credit for a full-year because she/he worked for more than 75% of the work year.
- Long-term substitute positions that were held and worked for seventy (70) days or more in a semester will be given a half-year of prior experience credit. Semesters counted are September 1st through January 31st and February 1st through June 30th. Half-years of long-term substitute teaching credit will be counted as full years of prior experience credit if there are an even number of half-years. If there is an odd number of half-years, credit will be rounded down to the closest half-year. For example, two half-years of long-term substitute teaching credit will be counted as a full year. Three half-years of long-term substitute teaching credit will be rounded down to the closest half-year and counted as a full year.
- Verification received within 60 days of appointment will be retroactive to the date of appointment. Experience received after 60 days will not be retroactive.
