

21st Century Schools Curriculum Development Team T-IV

Essential Functions

The Division of College Readiness is seeking highly qualified, currently appointed teachers to collaborate with contractors in the development of content-rich curricula that include embedded vocational material for use with identified college and career pathways at participating 21st Century Schools (i.e., Bartram, Overbrook and West Philadelphia).

Duties and Responsibilities

- Attend scheduled meetings with contractor or contractors selected to develop the curriculum for your school
- Facilitate and collaborate with contractors in aforementioned meetings for the purpose of curriculum planning
- Participate in the curriculum development process which may include any, all, or other related tasks that are not included among the following: planning and research, curriculum development, professional learning, and implementation
- Design and deliver professional development for school staff related to the designed curricula
- Serve as a collaborative partner with contractors at participating 21st Century Schools
- Provide the use of real life applications and simulations to instruct students in the analysis and interpretation of material being presented
- Provide instruction on the use of tools, materials, and manipulatives aligned with the curriculum units

Requirements

- Bachelor's Degree from an accredited college or university
- Possession of a valid Commonwealth of Pennsylvania instructional certificate

Rate

Teachers will be compensated for up to 20 hours at the EC rate of \$39.87 per hour. If selected to facilitate professional development, teachers will be compensated at the Facilitator rate of \$48.86 per hour.

Participation is fully remote. A schedule/time sheet will be required; time sheets must include day, time, and total hours per week.

The number of teachers selected for the 21st Century Schools Curriculum Development Team will be determined based on input from the program office, school leadership, and relevant contractors.

Application deadline: Until project needs are met.
