Job Description:

Overview:

The School District of Philadelphia, through the Division of Career and Technical Education, is looking for a dynamic School District teacher to write CTE curriculum in the form of learning guides for the CTE electrical program. The goal of the position is to provide equity and access to all electrical program students through the writing, development, and sharing of learning guides, assessment materials, CTSO lessons and project competitions, and best practices with the explicit goal of supporting new CTE teachers. The successful candidate will manage and coordinate all curriculum writing for the specific CTE program.

Duties and responsibilities:

- Must possess knowledge of PDE task lists, learning guide development, performance tasks, and School District curriculum standards
- Meet with CTE cluster IDS and curriculum specialist to confirm learning format expectations and requirements.
- Develop learning guides that align to the approved curriculum map
- Develop materials that supplement learning guides
- Develop formative and summative assessments that align to the developed curriculum map
- Develop projects and activities that are aligned to CTSO frameworks
- Organize learning guides and materials based on CTE program level and SY quarter.
